Sugata Ray Chaudhury

Passion Data Exploration

About

I am passionate about data science, data analysis, machine learning ,deep learning, and learning Flutter. My journey in these fields has been filled with exciting challenges and continuous growth. I thrive on leveraging data to extract valuable insights and create meaningful solutions. Whether it's exploring data sets, building predictive models, or diving into the world of artificial intelligence, I'm always eager to learn and apply my knowledge. As a fast learner, I quickly adapt to new technologies and techniques, ensuring that I stay at the forefront of developments in the field.

Work experience

2023
↑
2023

Oasis InfoBits

Data Analysis , ML Predictions , Model Building

- Data Preparation: Describe how you cleaned and prepared the data. Mention approaches you employed, such as missing value management, categorical feature encoding, and numerical data scaling.
- Feature Engineering: Explain any feature engineering i did to generate new relevant features from current ones. For the dataset, this involve constructing age groupings or family size characteristics.
- Model Selection: the machine learning models i used for those projects. Explain why i chose them and any specific reasons for selecting certain algorithms.
- analysis.

Education

2023
↑
2021

BSc in IT (Data Science)

Makaut , West Bengal

Courses and Achievements:
- Mastered in Programing Language Such As Python
- Mastered in Machine Learning
- EXPLORING Deep Learning
- Learning Flutter

Want To Learn

2023 **Gen Ai**

2024 **PHP**

2024 **Node.js**

2024 **Angular**
